Masons Will Install New Officers Fri.

Invite Friends to Attend Public Ceremonial at 8 p. m.

"Sequoit Lodge No. 827, A. F. and A. M., cordially invites you, your family and friends to attend the public installation of officers to be held Friday evening, Dec. 17, at 8 o'clock in the Masonic temple—read, in part, the invitations sent out this past week.

The lodge, which celebrated its golden jubilee Oct. 21, is planning informal entertainment to follow the installation.

Visitors to Aid

The Right Worshipful Brother Charles J. Whiteman, past master of Rising Sun Lodge No. 115, Grayslake, will act as installing master.

The Right Worshipful Brother Garfield Leaf, past master of Waukegan Lodge No. 78, and district deputy grand master of the 21st Masonic district, state of Illinois, will be installing marshal.

Acting as secretary will be worshipful Brother John C. Gaa, past master of Sequoit Lodge. The Rev. Warren C. Henslee will be installing chaplain.

Walter Solomon New Master

Walter H. Solomon, worshipful master, heads the roster of officers elect for 1944.

Others are:

Elroy K. Anderson, senior warden; Joseph E. Horton, junior warden; Edmond H. Strang, treasurer; Frank B. Huber, (past master) secretary; the Rev. Warren C. Henslee, chaplain.

Homer LaPlant, senior deacon; Ray S. Winship, junior deacon; Luster S. Badger, senior steward; George Kuhaupt, junior steward; Arthur Larsen, retiring master, marshal; Emil R. Lubkemon, (past master), tyler.

Many Students Are Arriving Home from School for Holidays

Many Antioch students are expected home from schools and colleges during the next few days.

Joseph Patrovsky, Jr., and Gloria Patrovsky will both be here to spend the holidays with their parents, Mr. and Mrs. Joseph Patrovsky of North Main street. Joseph, Jr., is attending St. John's Military academy, Delafield, Wis., and Gloria is a student at Sacred Heart academy, Lake Forest, Ill.

Miss Doris Klass, a junior at the University of Chicago, is to arrive Saturday to visit her parents, Mr. and Mrs. Otto S. Klass, and brother, Sammy, during the Christmas and New Year's vacation.

State AAA Committee Duties Are Enumerated

The Illinois State AAA committee has, in a letter addressed to the newly elected county and community committeemen, outlined the duties and responsibilities of their office in the 1944 "Food Fights for Freedom" campaign.

The commodity loan programs, including the new corn program recently announced, will be administered by and through the local county AAA office. The rationing of farm equipment (including copper wire), building supplies, fertilizers and other agricultural materials becomes the responsibility of AAA under the direction of the Office of Materials and Facilities. The recommendations to the Office of Price Administration for the issuance of certificates for tires, off-highway gasoline and tractor fuels, are the responsibility of these county and community committeemen.

Lee M. Gentry, chairman, John F. Bicket and Harry M. Combrink, members of the Illinois State AAA committee, who signed this letter, pointed out that county and community committeemen in their respective communities throughout the state were naturally looked up as "production managers." As production managers of the "Food Fight for Freedom" program in 1944, they are asking farm communities to "Produce, Conserve, Share and Play Square." The letter further stated that it is the responsibility of these county and community committeemen to get the maximum possible pound of food produced on every farm in every township.

Charles N. Ackerman is a patient at St. Theresa's hospital, Waukegan.

News of the Boys in Service

Lt. Arthur M. Scott, who has been here from San Angelo, Tex., for a two-week stay with his parents, Mr. and Mrs. L. C. Scott, will leave Friday for his new station at Salt Lake City, Utah, where he is to report for duty Dec. 19.

Mrs. R. G. Holtz will leave on Saturday of this week to visit with her husband, "Bud," now in service stationed at Camp Crowder, Mo.

Robert M. Hunt returned to camp at Tacoma, Washington, after several day furlough spent with his parents, Mr. and Mrs. Frank Hunt. Bob called at the News office while here to tell us how much he appreciates the home paper. Thanks, Bob.

Lake county men who were inducted into the service through Lake County Draft Board No. 3 at North Chicago last week included:

Marines—Lyle Fred Wohlfeil, Grass Lake; George Joseph Waters, Grayslake; Daniel Leathy Ray, Zion.

Navy—Carl Albert Boortz and James Francis Howard of Round Lake; Paul Nielsen and Richard Leland Waters of Antioch; Edward John Langbein of Lake Villa; David Wesley Enlow and Fred Horton Miller, Zion; Harold Watts, Fox Lake. Army—John William Rudd, Grayslake; Douglas Vernon Wait, Edward William Luby, Round Lake; Arthur Gifford Bracher, Lake Villa.

Charles Bennecke, Jr., son of the Charles Benneckes, Lake Villa, is in training at Great Lakes.

Pvt. Jeanette V. Keeney, who is enrolling in the women's auxiliary to the U. S. Marine corps, is taking a three weeks' course at electrical school.

Einer Sorenson writes from the U. S. Maritime training station at Sheepshead Bay, N. Y.—

"I want to take this opportunity to thank you for the Antioch News. 'I am busy as a bee every day... I see Clarence Dressel very often—he is Ed Dressel's youngest. I would like a furlough, but that it something else... New York is a big city, but I will take Antioch for mine, and if I ever get back, I'll stay there. The rules and regulations are as tough as the Army and Navy. When that man blows the horn at 5:30 a. m. you are up.'"

From Pvt. George Turner, U. S. Marines, San Francisco Fleet P. O.—

"I am writing to thank you, Mr. Louis Nielsen and the people of Antioch for the award of Service Man of the week. I wish to thank everyone for what they have been doing for the boys in the service. I get a lot of enjoyment from the Antioch News and it helps bring back memories of the good old States. At present I am living... deep in the jungle. There are all kinds of snakes and insects for company. I am feeling fine and hope everyone there is the same. I will close wishing everyone a very Merry Christmas and a Happy New Year, and hoping the New Year will bring peace."

Among those from whom we have received Christmas greetings are S/ Sgt. Orville Hawkins, Camp Beale, Calif.; Cpl. Lyle A. Techert, Camp Stewart, Ga.

Arthur M. Scott, son of Mr. and Mrs. L. C. Scott, has just received his bombardier's wings and his commission as second lieutenant from the West Texas Bombardier Quadrangle of the army air forces training command. Before entering the army he attended Purdue university, where he was a member of Sigma Chi fraternity.

Pfc. Kenneth E. Leable, son of Mr. and Mrs. Ed. Leable, Wadsworth, spent a two weeks' furlough recently with his parents. He is stationed at Ft. Sill, Okla. A brother, Pvt. Avery Leable, of the marine corps, is stationed at San Diego, Calif., and another brother, Tech. Cpl. Lloyd Leable, was transferred to Hawaii a short time ago after spending seven months in the Aleutian Islands.

Dr. Wilfred A. Blron, well known Antioch chiropractor who has been stationed at Great Lakes Naval Training station during the past several weeks, was the subject of a laudatory article in the Great Lakes newspaper recently.

Dr. Blron, who has been getting his navy training "the hard way," including instruction in seamanship, military drill and naval procedure, will probably be attached to the medical (continued on page 5)

Buy Christmas Seals - and Use Them Too!-Plea

"Using Them Is Important, Too, for It Is a Reminder," Association Says

"Buy and use Christmas Seals." That is what officers and directors of the Lake County Tuberculosis association are urging people to do these days as they hasten to the post office, their arms laden with packages and letters.

"Buying the seals is only half the task," says Mrs. Austin H. Niblack of Lake Forest, chairman of the seal sale. "Using them is just as important as buying them, for when other people see them on cards and letters, it acts as a reminder and they will then buy and use the stamps of health on their holiday greetings. Thus more seals are sold to help carry on the battle against tuberculosis all year through."

Seals may now be purchased in the Waukegan postoffice from a self service booth, Miss Orpha L. White, executive secretary of the association said. Postmaster Joseph P. Daly keeps an eye on the seals and sees that they are available to all who wish to put them on their packages and letters at the last minute. The seals may also be purchased at the association headquarters in the Citizens' Bank building where pins of the double barred cross are given to purchasers.

The grim business of war did not deter one Lake County boy from thinking about Christmas seals as he was about to be sent to combat duty. Yesterday Miss White and Miss Bertha Martin, office secretary, opened the following letter:

"Enclosed find a dollar bill as my contribution to the 1943 Christmas drive to stamp out TB. Would you kindly send me a sheet of your 1943 Christmas seals, the cost of which should be defrayed by my contribution."

Sincerely yours for a successful drive,

Pvt. Serge Hoogasian, Cannon C. 414th Inf., APO 104, c/o Postmaster, Los Angeles, Calif.

The seals were dispatched by air mail, hoping that the lad would receive them in time to use on his Christmas mail.

County Sales Going Well

Lake County's Christmas Seal Sale is going well and Miss White has hopes that when all the returns are in, the \$25,000 goal will have been reached. So far \$11,090.60 has been received, against \$8,378.24 for the same day last year. Miss White is hoping that to Lake County will go the honor of selling the first \$500 health bond in the state. No such bond has ever been sold outside of Chicago and she is eager for Lake County to have the records as she is trying hard for Lake county to take first place in the state-wide sale this year.

(Contributions for Christmas Seals are deductible from income tax returns, she points out.)

Last Thursday Miss White spoke at a Christmas party at the Fireside club at the Bethlehem Evangelical church in Deerfield. She showed health pictures and explained the work of the association. At the close of the program the committee in charge tucked a small Christmas tree in her car. She has been so busy with seal campaigns for so many years she seldom has time for the personal business of Christmas.

"I'd rather cover the county with Christmas Seals," she said. "I know that they are spreading cheer all through the year."

A & P Employees Will Get Added Compensation

New York, Dec. 8. Additional compensation totaling approximately \$1,250,000 will be distributed to employees of The Great Atlantic and Pacific Tea company before Christmas, it was announced today by John A. Hartford, president.

All A & P employees throughout the country with six months or more service will participate in the cash distribution.

The company's employees were voted similar compensation last year.

Illinois state aid to dependent children in Lake county during November amounted to \$3,508, for 284 dependent children, according to information received from State Auditor Arthur C. Lueder at Springfield.

Mrs. Elizabeth Griffith and Mrs. Mabel Holst of Buena Park, are spending the winter in the home of Mr. and Mrs. D. S. Boyer.

FORGING THE PLOWSHARE

AAA Committees Are Announced by Chairman Faulkner

Will Administer the "Food Fights for Freedom" Program During Year

Community chairmen who will administer the "Food Fights for Freedom" program in Lake county during the coming year have been announced by C. A. Faulkner, county chairman, as follows:

Antioch and Lake Villa—Alexander G. Hughes; Charles G. Paddock, Nelson P. Drom, Antioch; Phillip J. Wagner, Ben F. Snyder, Lake Villa.

Benton and Newport—Donald J. Adams, Waukegan; George N. Vose, Antioch; Otto Maro, Robert E. Murrie, Zion; John L. Irving, Wadsworth; Warren and Wauconda—Floyd J. Faulkner, Albert O. Simonson, Theodore H. Carlson, William A. Chandler, Robert Bandli, all of Grunee.

Fremont and Wauconda—Charles W. Wray, C. R. Anderson, Grayslake; Ronald M. Paddock, Harry N. Matthews, McHenry.

Libertyville and Shields—Paul H. Allanson, LeRoy Kane, Stanley Rouse, all of Mundelein; E. O. Ketting, Al. H. Statz, Libertyville.

Vernon and Deerfield—David C. Covert, Clayton W. Hutchings, John Kerrigan, Mundelein; George Leikam; J. A. Carlson, Prairie View.

Ela and Cuba—Joseph Keister, Otto L. Obenauf, John W. Krueger, Prairie View; Henry Jarmus, Clarence J. Snetinger, Barrington.

No elections were held in Avon and Grant townships.

These committees will assist in the planning of food production in their respective townships and help with many rationing and distributing programs in 1944, Faulkner announces.

Patricia Mack Appointed to Gas Institute Staff

Chicago, December 16—Patricia Mack of Antioch has been appointed to the staff of the Institute of Gas Technology at Illinois Institute of Technology; it has been announced by John I. Yellott, director of the Gas Institute.

Miss Mack will serve as a draftsman at the Gas Institute.

The Gas Institute was established in 1941 to perform an educational and research service for the gas industry and is supported by the industry. The research program includes both independent and general research for industry. It also serves as a clearing house for scientific information for the industry.

Miss Mack, who has worked as a draftsman in a war plant for a year and a half, studied drafting in Illinois Tech's Engineering, Science and Management War Training program. A graduate of St. Mary's Academy in Milwaukee, she studied for a year at the Chicago Art Institute. She resides at the Gramere hotel.

Col. Fordney Speaks at Lions Dinner Meeting

Midwest Recruiting Chief Tells of Origin of Marine Corps

"U. S. Marines are forbidden to take part in any operation in which soldiers of the U. S. Army take part—and this rule can be set aside only by executive order of the President of the United States," Col. Chester L. Fordney of the Marine Corps' Midwest Recruiting division told the Antioch Lions club members at a 7 o'clock turkey dinner Monday evening at Charles A. Anderson's place, Highway 59 on Petite lake.

Col. Fordney explained that this rule is not due to rivalry between the two units, but to the fact that under international law a landing by a force of war but rather a measure somewhat in the nature of police protection for citizens or property of their country. The landing of even one army man, on the other hand, might technically be considered a warlike act.

"Marines," he said, in part, in the course of his talk, "are essentially 'men of the sea' who are especially skilled in the use of land weapons."

Phoenicians Were First

"The first marines were those of the Phoenicians, who were sea-faring people about 500 B. C. They made actual contacts with other ships by means of grappling hooks and were the first to get the idea of having men especially trained to do the fighting. This idea resulted in a great many victories for them, and the idea was soon adopted by all nations."

"The first marines in this country were organized in 1775, before the signing of the Declaration of Independence, mainly because the English had been recruiting here for the Royal Marine Corps, and the colonists thought that what was good enough for the British was good enough for them."

"The first action in which they were engaged took place in the Bahamas, where they had been taken on ships for a raid on British stores of munitions. The raid was completely successful, as have been almost all operations in which they have been engaged."

Col. Fordney was introduced by Daniel S. Boyer, program chairman, who in turn was presented by Ed. F. Vos, president.

PUBLIC SERVICE CO. BACKS WPB REQUEST

The village of Antioch is co-operating with a request in which the American people were asked by J. A. Krug, director of the Office of War Utilities, to confine Christmas lighting decorations to Christmas trees inside private homes.

Krug asked that street decorations, community Christmas trees, exterior home decorations and interiors and exteriors of commercial establishments dispense with decorations this year insofar as lighting is concerned.

"Government and industry have combined in a nationwide conservation campaign to save critical fuels and materials necessary to produce and consume electricity," he said.

"I am asking the American people to refrain from their Christmas lighting custom as a part of that campaign. Electric light bulbs are particularly short at present and strict conservation of them is necessary. Widespread consumption of bulbs during the Christmas season merely will mean a greater scarcity later on."

"Because of the shortness of daylight over most of the country at Christmas time, necessary consumption of electricity is at its peak. Everything we can do to avoid any additional load will mean direct savings of fuel, manpower, transportation and materials."

Krug said no mandatory order was contemplated, because "the American people realize the necessity of this conservation and will do it."

The Public Service Company of Northern Illinois is co-operating with the War Production board in this nationwide campaign to "conserve critical resources," it has been announced by W. H. Cowell, news service manager.

A Priceless Asset

One of the least recognized aspects of the fire insurance business is the unremitting effort which the industry directs toward fire prevention. Fire prevention engineers, working for the leading fire insurance companies, constantly endeavor to improve fire protection of war factories, grain elevators, wharves and docks. They regularly inspect cities and towns from coast to coast—map fire hazards, check fire fighting equipment and alarm systems, help to plan fire safe schools.

In thirty years such services as these have reduced both the rate of fire loss and the average cost of fire insurance by more than 40 per cent. However, the fire prevention engineers are frank to admit that they cannot bring destructive fire under full control until the public, individually and collectively, lends its wholehearted cooperation. That is why a special appeal is made to everyone to join in a finish fight against fire.

Since Pearl Harbor, fire losses have risen alarmingly in spite of the tireless struggle of fire prevention authorities to hold them down. As the President has recently remarked: "These preventable fires are being measured in thousands of workers killed and disabled; vast destruction of critical raw materials, food, and other vital supplies for our armed forces and civilian population; the ruin of war plants, factories, homes, and machinery—in many cases for the duration of the war. Fires are bringing costly delays in the production and transportation of airplanes, ships, tanks, and guns—delays that

mean a postponement of victory and the lives of many of our men on the fighting fronts." Common sense caution where fire is concerned is all that is asked of us by those whose job it is to impress on us the importance of preventing fire. Caution is a priceless asset that costs nothing.

Last Barrier

Congress, the bewhiskered target of cartoonists and scapegoat for most of the country's ills, is actually a part of the last barrier that stands between the American people and outright despotism. The other part is the Supreme Court.

To confirm this fact, one need only consider the recent controversy between a merchandising concern, Safeway Stores, and the OPA. Several months ago, in conforming with provisions of the Emergency Price Control Act, Safeway registered complaints with the OPA setting forth certain alleged injustices in the price of goods. Congress included a clause in the Act stipulating that such complaints must be acted upon within 30 days by the OPA. In the absence of the privilege of recovering damages, prompt relief from unworkable price decrees is the sole protection of the merchandisers.

However, the complaints were not answered within the prescribed period. Safeway then appealed to a special emergency court which held that since OPA had not denied the complaint, the cause was not within that court's jurisdiction. In simple terms, the decision, if allowed to stand, means that OPA can prevent a private citizen from having his day in court by merely neglecting to pass judgment upon any protest coming before it.

As the case goes before the United States Supreme Court, a recent warning uttered by Representative Hutton W. Sumners of Texas, rings with new meaning: "The bulk of what are in effect our general laws are now being made out by Congress but by bureaucrats." The threat of bureaucracy to personal liberty has become real and deadly. Only Congress has the power to remove this threat.

Did You Know—

That the American people now bear the heaviest tax burden of any country in the world?

That the per capita tax burden in the United States, including federal, state and local taxes, is \$357 and in Great Britain \$201?

That the federal tax load of the American people this year will approximate \$43½ billion, plus state and local taxes of \$10 billion—or a total tax load of more than \$53 billion per annum?

That federal expenditures in the United States for the current year are expected to reach \$20 to \$25 billion and in Great Britain about \$23 billion?

That since 1933 the federal tax burden of the American people has been increased twentyfold—from two billions annually to more than forty billions?

That as President Roosevelt has truly said, "taxes are paid in the sweat of every man who labors"?

Generous Uncle Sam is using a part of the money he borrows from us to help pay for our butter. Good old Uncle, he is always thinking up ways to make us happy. There are times, however, when we wish the old rascal would worry a little more about his own credit. Thief River Falls, Minn., Times.

Mrs. Anne Nelson, Mr. and Mrs. Leo Barnstable and Mr. and Mrs. Henry Cable came in to help them celebrate their tenth wedding anniversary. They were presented a set of pictures for their living room. Cards were played and refreshments served. A pleasant evening was spent.

Engle-Thompson

A wedding of much interest to everyone in this vicinity took place in the Lake Shore club in Chicago last Saturday morning at 11:30, when Raymond Thompson, supervisor of Allendale School for boys here, was united in marriage to Miss Elizabeth M. Engle of Dayton, Ohio, but for the past few years a resident of Chicago. The Rev. D. Andrew Howey of Round Lake was the officiating clergyman.

A number of people from Allendale attended the wedding.

The new Mrs. Thompson is a graduate of Ohio State university and for the past five years has been supervisor of teachers of the Chicago Teachers' College.

The newlyweds returned to Allendale at the end of this week so as to be here for the Allendale Christmas celebration.

Lake Villa School News
 Doris Jungenburg has left this school.

The Christmas decorations in the beginners' room are (1) a village and (2) Christmas eve. The decorations in the upper grades are winter scenes up north.

Darlyn Monnier and Donald Davis have returned from Ladysmith, Wis. Miss Cremin is bringing a tree for her room. Each child is asked to bring in one decoration for that tree by Monday.

The upper grades have completed 120 napkins and 100 place mats for the Junior Red Cross. We still have 50 Christmas cards and 100 favors to make.

On Wednesday afternoon, Dec. 22, at 1:30 the children will gather around our big tree in the gym and sing carols and enjoy the entertainment supplied by Barbara Tiede, who is entertainment chairman. We expect Santa Claus to come.

Help Fill Santa's Sack

SWAP your idle electric appliances for War Stamps

This year Santa needs your help! Thousands of people want electric appliances for Christmas. Because manufacturers have "gone to war" new ones are not available ... but you may have an idle or spare electric appliance that someone would be happy to receive. Here's what to do: Hunt up all your idle appliances—coaster, roaster, washer, vacuum cleaner, electric iron—and take them to your nearest Electrical Dealer. If

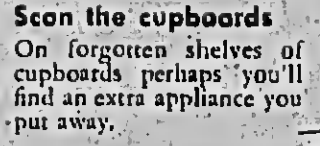

they are too large to carry, phone him. He will recondition these work-savers and make them ready for Santa's bag.

You will receive War Stamps for every electric appliance you turn in. And as a suggestion you might tuck them into junior's or sister's Christmas stocking.

So get busy now! Rush those idle appliances to your Electrical Dealer ... to help old Santa—your neighbor—and yourself.

Search the attic
 Perhaps there's an out-of-date washer, broken iron, or hand iron you have use for.

Scan the cupboards
 On forgotten shelves of cupboards perhaps you'll find an extra appliance you put away.

Scour the basement
 Downstairs, where you've forgotten all about things, maybe you'll uncover extra electric clock, vacuum cleaner or percolator.

SOME Facts ABOUT HOLIDAY TRAIN SERVICE

Christmas and New Year holiday travel has always been heavy. Now untold numbers in the armed forces will have to be accommodated.

No real American will stand in the way of any uniformed man or woman ... and we're confident that even though you had a reservation you'd cancel it cheerfully if in so doing it meant that a member of our fighting forces could travel in your stead.

So we make this request: Think twice before you decide to make a trip during the holiday season. If it's imperative that you go, we wish you as comfortable a journey as possible in these days of heavy war traffic.

department at the station, he has been informed. He has already qualified for his third class petty officers' (pharmacist's mate) rating.

Pvt. Erwin L. Barnstable, son of Mr. and Mrs. Ervin Barnstable of Lake Villa, has successfully completed his training course in the parachute school at Fort Benning, Ga. He made his fifth and qualifying jump last Friday. The four weeks' course included jumping from towers 250 ft. high.

A/C E. A. Knickelbein, Jr., writes from Helena, Ark.—

"Just a few lines to let you know I have been receiving the News and sure do appreciate it. Have missed a few copies now and then because we fellows in the Air Corps are moved around so much and, incidentally, kept very busy, too. If I have time for nothing else, however, I always read 'News of the Boys in Service.' It kind of helps me keep track of some of my old friends."

Wayne D. Drom, son of Mr. and Mrs. N. P. Drom, 266 North Avenue, was formally started on his way as an aviation cadet in the Army Air forces recently when he was sworn into service, according to the Army Aviation Cadet board.

His brother, T/Sgt. Lloyd N. Drom, is in service overseas. An uncle, H. E. Ellis, is also in the service.

Drom, a graduate of Antioch Township High school, passed three examinations to qualify as an aviation cadet, the examining board at 168 West Van Buren street, Chicago, states.

Sgt. Otto P. Palaske arrived home from Florence air field in South Carolina yesterday. He will visit members of his family and friends through the Christmas holidays, returning to duty Dec. 28. A brother, T. J. "Ted" Palaske, is in "boot" training at Great Lakes naval station.

From Pvt. Richard L. Prince at the Lincoln, Neb., army air base—

"I am writing to let you know that my address has been changed. I also want to thank you very much for the News. I read every word of the paper, but I enjoy the News of the Boys column most, because I find out where the boys I went to school with are stationed and what they are doing. I am sure glad to find out that most of them are doing fine, and I wish them the best of luck."

Lt. Joseph O. Hucker is stationed at the Maury hotel, Washington, D. C., according to a change-of-address notification received here.

Pvt. Carl J. Miller is stationed at San Diego, Calif., according to information received from his father, Carl J. Miller, Sr., Lake Villa.

Second Lieut. Orville R. Winfield's recent visit to the Antioch News office confirmed the good news told in a letter sent prior to his departure from the Army Air Flying school at Lubbock, Texas, to visit his parents, Mr. and Mrs. Ray Winfield, at Bristol, Wis.

"I received the latest copy of the News today and wish to thank you and the American Legion again for sending it to us fellows away from home."

"I am graduating this coming Sunday, Dec. 19th, as a second lieutenant. It sure is hard to believe that Sunday morning we will walk across that stage and receive our wings. The bars we pin on Saturday at midnight."

"I hope to be starting home Sunday night or Monday morning on a 10-day leave, so you need not mail the next copy of the News here. I will let you know of my next address as soon as I can."

"I sure enjoy reading the News of the Boys in Service column, to see where all the fellows are and how they are getting along."

"Well, I guess I'd better sign off and get these lights out before I get buried under a pile of shoes."

Lt. Winfield's bars and wings were duly inspected on his visit to the News, and were voted eminently becoming. His leave expires this Friday, Dec. 17.

HICKORY

Mr. and Mrs. Curtis Wells and daughters, Lillian and Shirley, Mr. and Mrs. Emil Halliwas, Mr. and Mrs. Andrew Magiera, Raymond Wells, and Mr. and Mrs. Howard Wells attended the funeral of Frank Robertshaw, their nephew and cousin, held at Austin last Thursday.

Mr. and Mrs. Charles Knapp of Waukegan called Sunday evening at the Max Irving home.

Mrs. Warren Edwards celebrated her birthday anniversary Thursday evening, Dec. 9, with a party of twenty-three relatives at her home.

Mr. and Mrs. E. C. Robertshaw and Mrs. Myra Atkins from Washington D. C., spent Monday with the Curtis Wells family.

Frank Ely and Frank Haines from Evanston were Sunday afternoon and supper guests at the Earle Crawford home.

Mrs. A. T. Savage visited relatives in Waukegan Thursday afternoon. Albert Smith spent the afternoon in Chicago.

Sequoits Win Two From Northbrook

The Antioch Sequoits captured two more games in the conference last Friday to stay in the title fight in both the heavy weight and light weight divisions. The lightweights although displaying poor team work and ball-handling managed to eke out a win from the Northbrook lads, by the score of 23-14. High point for the lightweights was Roblin who hit the hoop for 9 points.

The heavyweights displaying good team work and fine ball-handling were too much for the Northbrook lads who were finally defeated by a score of 57-27. The heavyweights were paced by Wilhelm, who chalked up 20 points, followed by Klass who registered 16 markers.

Local fans will be able to witness their local eagles on the home floor Friday, Dec. 17, and Tuesday, Dec. 21, against Wauconda and Warren.

Pep Club Holds Initiation for New Members

Among the many activities here at A. T. H. S. this past week, was the Pep club initiation.

A group of old members with their sponsor Miss Culliton, planned a number of pranks and refreshments, for these new girls.

The new girls were all put into a separate room and brought out blindfolded. From here they were led around, stepping over things, crawling under others, jumping off of would be high places which were really only a few inches off the ground.

Sandwiches and coke followed after these pranks, too numerous to be mentioned here, and all the new girls were cordially received by the old members.

Sequoits Will See Pep Club in Action at Home Games

The Pep club decided last week to try out a new idea in cheering at the home games.

The members of the Pep club are going to wear white blouses and dark skirts. They will sit in a group together, and give organized cheers. They hope to have a more organized cheering section which will add a lot more interest to the home games. Let's back them 100 per cent, what about it, fans?

Dates Set for Christmas Vacation

The dates have been set for Christmas vacation this year and were announced this last Tuesday.

The students of Antioch Township High school will start their vacation Tuesday afternoon, December 21, and they will return Wednesday, January 5, 1944.

Grade School News

Basketball

On Friday, December 10th, the Grade School Basketball team journeyed to Fox Lake. Both of the teams were defeated. The first team lost 19 to 14 and the second team received the small end of a 14 to 4 score.

Christmas Vacation

All the grades at the Grade School will be dismissed the afternoon of Wednesday, Dec. 22nd.

School will be resumed on Monday, January 3, 1944.

Plant Display

(By Margaret Anderson and Patsy Anderson)

Mr. S. E. Pollock, who is spending the winter in Irvington, Ala., sent a plant display to the Antioch Grade school. Some of the things he sent are: Borlous leaves and berries, persimmons, Satsuma oranges, Citraugates, kumquats, a big leaf and small figs, Podocarpus Camphod, Spanish moss, sweet potato and vine, cone of southern pine, honeysuckle, a banana leaf and flower stalk, showing small fruits, pecans, magnolia leaves, and seed berries, conch shell with barnacles, cotton boll, skyrocket plant, coral formations, shells, a clematis, and soybeans.

WEEKLY NEWS ANALYSIS

Combined Strength of All Allied Power Concentrated for Three-Pronged Thrust On Hitler's Jittery German Stronghold; New Plan Devised for Pacific Strategy

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)
Released by Western Newspaper Union.

"Big Three" map sledge hammer blows vs. Axis from north, south and east, as illustrated on map. (See: Statesmen Confer.)

STATESMEN CONFERENCE: Map War Strategy

With the Big Four pledged to the destruction of Germany and Japan, all eyes turned to Cairo's historic Mena house where Turkey's Ismet Inonu met with President Roosevelt and Prime Minister Churchill to discuss his country's role in the war.

Even as the statesmen met in the shadow of Egypt's massive pyramids, Germany played her hand, massing mechanized forces against Turkey's Balkan border in an obvious effort to influence the Turkish position.

F.D.R. and Churchill met with Inonu following their three-day conference with Premier Stalin of Russia in Tehran, Persia, where the Big Three pledged a final fight against Germany from the east, west and south, and established the basis for a democratic community of nations.

Meeting previously with Cairo's Generalissimo Chiang Kai-shek, F.D.R. and Churchill had vowed to force unconditional surrender on the Japs, and restore all territory the Nipponese have overrun since 1937.

Hurry Invasion Barges

Twenty thousand manufacturing firms have been given a special priority for the production of invasion craft and ordered to speed up deliveries during the first part of 1944.

As was the case prior to the U. S. invasion of North Africa, shipbuilders have been given precedence over planes, high-octane gasoline and other urgency production programs, and the navy has curtailed orders for destroyer-escorts to provide additional facilities for constructing the self-propelled landing barges, amphibious trucks, tank landing vessels, etc.

After being given the go-ahead before the North African operations, shipbuilders turned out 750 million dollars worth of invasion craft in five months.

ITALY:

Nazis' Line Sags

Fighting over muddy slopes, U. S. troops gained foggy mountain heights overlooking the road to Rome, and along the Adriatic to the east, Gen. Bernard Montgomery's Eighth army punched its way up a coastal strip toward the highway hub of Pescara.

Although the Nazis' winter line sagged in some sectors under the steady pressure of Allied infantry and artillery, it recoiled in others, and on the U. S. front, the Germans clung to the pass at Mignano affording access to the road to Rome, while on the British front, the enemy massed to check the Tommies farther inland.

Fighting bravely in the rain, U. S. Doughboys with packs clambered up rocky slopes even too steep for mule supply teams.

WAR MANPOWER: Cut Needs

Against the 2,000,000 new workers which the War Manpower commission estimated would be needed in the munitions industries by July, 1944, only 1,120,000 actually will be required, but military demands remain unchanged.

Because of changes in munitions requirements and the high rate of production achieved, WMC said 10,700,000 workers will be sufficient to meet schedules. Of the 1,160,000 new workers, most will be recruited from 3,200,000 women under 45.

To achieve their goal of 11,300,000 men by next July, the army and navy will actually call more than 2,000,000 during the year, as first planned, WMC said. Discharges and casualties will create a bigger drain to keep the ranks at full strength. Draft calls during January and February will resume at the current rate of 26,100 to 330,000 per month.

SOLDIERS' VOTE: States' Control

Killing the Lucas (Ill.) Green (R. I.) bill allowing soldiers overseas to vote under federal supervision, the senate adopted and sent to the house a measure inspired by Senator James Eastland (Miss.) leaving election rules up to the states.

Under Eastland's proposal, states were asked to pass legislation allowing votes abroad to vote in local, state and federal elections by establishing a system of postcard applications for absentee ballots to be distributed by air mail free.

Included in the measure was an amendment by Senator Robert Taft (Ohio), assuring all parties of equal shares of campaign publicity.

SOUTHWEST PACIFIC: MacArthur's New Plan

While U. S. and Australian troops slowly hacked their way through Southwest Pacific jungles, Gen. Douglas MacArthur's representative at the Cairo conference revealed the general's new master plan for defeating the Japanese.

MacArthur's plan calls for capture of the rich East Indies, cutting off the Japs' principal source of oil for their mechanized forces, and otherwise slashing their long supply lines to the home islands.

To achieve this objective, MacArthur has sought to lure the big Jap fleet out into the open for a final fight, but the wily Nipponese have evaded battle, preferring to remain close to bases under air cover or behind reefy coral barriers.

CORN:

Boost Ceilings

To stimulate the flow of corn into terminal markets, OPA raised ceilings by nine cents, and then froze prices of oats, barley and sorghum grains preparatory to establishing permanent revaluations.

In boosting corn ceilings, OPA said it was complying with the emergency price control act, which stipulates that maximum prices for a commodity shall reflect parity. Under the new tops, No. 2 corn will sell at \$1.16 at Chicago and Milwaukee; \$1.12 at Minneapolis and St. Paul; \$1.16 at St. Louis; \$1.12 at Kansas City and St. Joseph; \$1.15 at Peoria; \$1.10 at Omaha; \$1.15 at Duluth and Superior; \$1.09 at Sioux City, and \$1.23 at Nashville.

Action on oats, barley and sorghums resulted from steadily advancing feed prices because of the sag in corn marketing, OPA said. Rising prices increased costs for poultry and livestock and dairy farmers, OPA declared.

Feed Imports

To meet demands for feed grains in the U. S., a minimum of 75,000,000 bushels will have to be imported if poultry and livestock goals are to be achieved in 1944. War Food administration estimated.

At the same time, the Association of American railroads revealed that 50 additional freight cars were being made available daily to Canadian lines for hauling grain, mainly into Utah and the Southeast. Capable of moving 2,000,000 bushels a month, these cars are in addition to the 1,000 in use in the Northwest.

As of December 4, Commodity Credit corporation announced the U. S. had purchased 53,000,000 bushels of Canadian wheat, of which 45,000,000 already have been imported by rail and water.

Banned in 1912, suspender buttons have been ordered restored to work pants by the War Production board.

FLU:

'Seasonal Increase'

With the number of influenza cases in the U. S. five times under that of 1941, and deaths from the sickness in Great Britain far below the proportions of 1937, the world presently faces no flu epidemic comparable to that of 1918, when 20,000,000 died.

So said a spokesman for the U. S. Public Health Service. However, he cautioned that persons suffering from colds, grippe and flu remain at home to prevent spreading the illness, especially in view of the shortage of doctors and nurses and the difficulty imposed in handling many patients.

In the U. S., the spokesman termed the rising rate of influenza cases as a "normal seasonal increase," while he pointed out that the deaths in Great Britain's large cities for a single week recently fell far short of the 2,000 recorded weekly during the epidemic of 1937.

RUSSIA:

New Army

While German military commentators reported that the Russians were moving up a whole newly equipped army to continue their winter offensive, the Reds followed their traditional tactics of conducting large scale attacks all along 600 miles of front in an effort to break through a weak spot.

Their drive beyond Gomel slowed with the reorganization of 300,000 German troops withdrawn from advance positions, the Reds opened up a heavy offensive in the Dnieper basin, above the industrial centers of Krivoi Rog and Nikopol, where the Nazis have held their ground for several months.

In this sector, the Reds poured troops onto the western banks of the Dnieper at two points, and in the fighting that ensued, they sought to crush German forces wedged between them.

Sales in filling stations in 1943 will approximate 2 1/2 billion dollars, compared with 3 billion in 1942 and the peak 3 1/2 billion in 1941.

NATIONAL BANKS:

Assets in Billions

Rich in natural resources, the U. S. is equally rich in finance, with total assets of 5,658 national banks approximating 66 billion dollars.

Figures show: Private deposits of 40 billion dollars; U. S. deposits of almost 11 billion; municipal and state deposits of 2 1/2 billion.

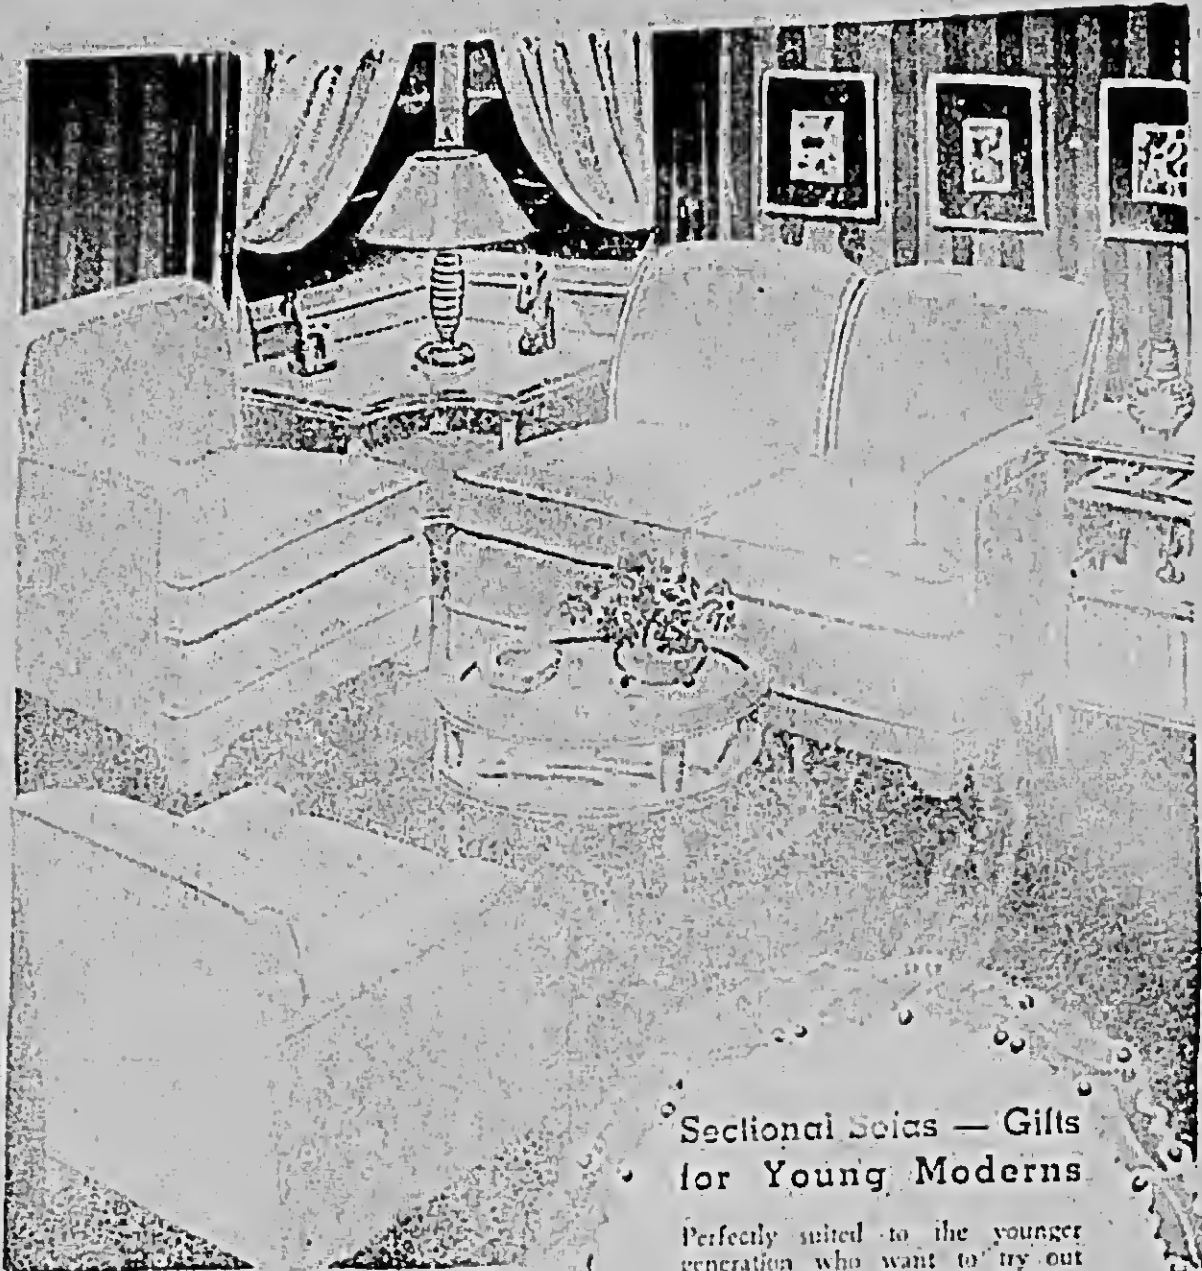

Loans and discounts of 10 1/2 billion dollars; investments in U. S. securities of 35 1/2 billion dollars; holdings of other stocks, bonds and securities of 3 billion 400 million, of which 2 billion represents state and other political obligations.

Capital stock of the banks totals 1 1/2 billion dollars, with surplus, undivided profits and reserves of 2 1/2 billion.

PRO FOOTBALL:

War-time cash boosted attendance at professional football games to a new high average of 26,811 per game, the National Football league reports. This is an increase of 36.7 per cent over last year, and 24 per cent over 1941, the previous high mark. Total attendance for the 40 regularly scheduled games this season amounted to 1,072,409. Last year 1,079,148 fans watched 55 regular games.

Highest drawing card in the league was the New York Giants club.

HIGHLIGHTS . . . in the week's news

STEEL: The nation's steelworkers have better filled pay envelopes than ever before, the American Iron and Steel Institute reports. October's payroll totaled nearly 145 million dollars, compared with 143 million in September, and 126 million in October of last year. Average hourly wage is now just under \$1.16. It was \$1.08 a year ago. There are 615,000 on the payrolls now.

BLOCK-BUSTING: The English village of Dcenthorpe has been completely wrecked by the crash of a Flying Fortress loaded with 6,000 pounds of bombs. Neither fliers nor villagers were injured, however, as the crew parachuted to safety, and then ran about arousing the townspeople, who fled to the fields. Ten minutes later, the plane exploded, to bits.

Do's and DON'TS

about your money

that can make or break your future

It IS your future—your pay check, your savings, your life insurance, your plans for tomorrow—that rising prices can endanger. For as prices go up, the money you have buys less and less—the things you want cost more and more.

Who can help keep prices down? YOU! Here are eight simple things you can do yourself—no one can do for you. And every single one of them will do its share to protect your future—KEEP PRICES DOWN!

Do save for the future

Put some money in your savings account every pay day. And buy that future security you dreamed of—with a new life insurance policy.

Do welcome high taxes

Taxes help keep prices down. Heavy taxes now save you and your children the crushing post-war tax burden that could make a force of peace.

Don't buy anything you can do without

Don't make any purchase except under absolute necessity—and don't fool yourself as to what is really necessary. Wear and use old things proudly.

Don't pay more than ceiling prices

Don't buy any article without checking the ceiling prices. And don't cooperate with a violation—ever. Buy rationed goods only by giving up ration stamps.

Do pay your debts

Why go on paying interest? Get out of debt now. Pay off insurance loans, your mortgage . . . everything you owe. And don't make new debts.

Do buy more war bonds

And keep them! They are an investment. They help pay for the war. And they keep your money from pushing up prices of things you must buy.

Don't ask more money for your goods

Your price-rise will boost the cost of living and soon you'll have to pay out what you gained—and more.

Don't ask more money for your work

A raise in wages boosts prices of what you must buy and soon you'll have to pay out what you gained—and more.

★ Use it up . . . Wear it out . . . Make it do . . . Or do without . . .

Antioch Recreation to Sponsor Mixed League

Plans for a new mixed league to bowl on Sunday nights are now being formulated by the Antioch Recreation management. According to present plans, the league will be similar to the regular sanctioned leagues, with the difference that the fee for bowling and prize money will be set at \$1.00 and bowlers who are absent will not be required to pay.

Prize money will be paid weekly instead of at the end of the season as in the other leagues.

All bowlers who are interested in howling in the Sunday night league may register at the Recreation any time during the next few weeks as the Mixed League season will not be opened until the first week in January.

Interest among local keggers and keggettes indicates that the new league will prove a popular addition to the regular schedule of events at the Recreation.

Tavern League
Bud's Tavern took 2 from Sorenson's last Monday night, with Greenlee high man for the winners with a total of 493, and Folbrink high for the losers with a score of 458.

Hallway rolled a nice 540 for Blum's, but they lost 2 to 1 to Thompson, with Cooper high for the winners with 524.

Andersons took three from Little America, with E. Anderson rolling 561, while Duda was high man for the L.A.s, rolling 497.

Hank's went down for the third time when Pasadena Gardens made a clean sweep. Gruve rolled 610 for the Gardens and Kraemer 509 for the losers.

Haling's, J. Nielsen's 0. Walters rolled 540 for high on the winning team, and Kempf 469 for the other side.

The Recreation and Friedle's split 2 and 1. L. Lasco totaled 535 pins for the Rees and C. Friedle, 483, was high for the short ends.

Business Men's League
Carey Electric lost to Friedle's, 1 to 2 last Thursday evening. Thompson rolled 535 for the winners and L. Carey scored 494 for his team.

Pickard wrested one game from the Lions Club. Nelson, of the Lions rolled 509 and H. Innes scored 430 for high for Pickard's.

Dr. Hays' team took 2 from Andersons, with K. Ashe rolling 527 for high and H. Hussey for Andersons rolled 538.

A. Keulman rolled 521 and C. Halting 520 for their respective teams, when Keulman's won 2 from Fregenz's.

Gus and Betty's took 2 from J. Meyer. Denman rolled 470 for the winners and J. Legelman 517 for the Meyers.

The Antioch Milling company won 2 games from Hans & Mabel. Smykal rolled 534 for the millers and Jarvis 505 for H. & M.

Major League—Friday
Nielsen's took 2 from the Terlap Roofers, with Miller rolling 502 and Griewe 507.

Walters bowled 599 for Bernie's, who took 3 from Berghoff's. Stahmer hit the pins for 517 for the losers.

The Recreation won 2 out of 3 in a bout with the Antioch Lumber Co. Hallway, for the winners, bowled 576 and Kinrade totaled 586 for the lumber company.

Ladies' Major League
Dec. 7

Blum's took 2 from the Cafe, with G. Blum scoring 455 for the winners and N. Tiede 502 for the losers.

The Recreation won over Bud's, 2 to 1; winner's high, V. Nelson, 440; loser's high, J. Alt, 473.

The Roundup, with A. Kaufmann rolling 511 for high, took two games from Snowwhite 1. Simonsen scored 478 for the losers.

Ladies' Handicap, Dec. 8
Pickard, 3; Pantry, 0.

Sinclair, 2; Andersons, 1. H. Nelson rolled 467 for the winners.

L. Keulman rolled 461 and L. Simonsen 458 to help the Slide Inn win over Johnson's, whose high bowler was L. Reidel, with 411.

Spray Helps Yield
Potatoes sprayed through the season with Bordeaux mixture yield an average of 70 bushels to the acre more than unsprayed potatoes in a year when blight is slight. In a year of much blight damage, it prevents loss of an entire crop.

Nylon From Coal
Molecular engineers created nylon out of the elements of coal, air and water.
